Meet our teaching team in the M/W/F 3's!

I have been teaching the Monday, Wednesday, Friday three year olds class at Westminster for the past 21 years. I feel fortunate to have shared in the lives of so many children and families! I'm also happy that two of my three grandchildren are currently attending the program here at Westminster. My daughter Kara lives in West Chester with her husband and children, and my son John lives in Colorado. My leisure time is spent playing with my grandchildren, enjoying fun and sun with family and friends, cooking, biking, hiking, and visiting my son in Denver.

Hi, I'm Stephanie Butler. My husband and I are parents to 6 children ranging in age from 13-27. For 12 years, I taught 5th graders. After many years of being home with our children, I subbed in local preschools, taught Parents Morning out, and 2 1/2 year old classes. Our youngest daughter attended Westminster's Preschool. I really enjoy being an aide for Janice Walton in the 3 year old class. I love reading, hiking, going to the beach, and spending time with my family.
